Come pubblicizzo le attività online in programma

Creo post su Social e se ci sono delle collaborazioni all'azione inseriamo tag (@) con il nome del collaboratore.
Creiamo degli hashtag (#) se l'azione si ripeterà nel tempo o tende a raccogliere attività simili

Creiamo una mail da inoltrare a tutti i nostri contatti

Creiamo un volantino con una grafica che faccia intuire l'argomento trattato nell'attività in programma.

Inserisci nel volantino:

- **dove si svolgerà l'attività;**
- **Quando (data e ora)**
- **info generali (chi contatto per info, iscrizioni etc)**
